## Container Texture Choices

# Repla-Clean

*Keep your replica plants  
looking their best with  
Repla-Clean!*

Use to clean and restore  
the beauty of Preserved  
or Replica plants

- Removes and repels dust and allergens
- No mess and will not harm floor coverings or furnishings.
- Environmentally safe, non-toxic and biodegradable!

# Repla-Rocks

*A great alternative to polished natural rocks!*

- Less than half the weight of natural rocks
- Provide a professional finish as a top dressing for plant materials
- Designed so as not to float in water nor lose their shine after immersion in water.
- Repla-Rocks are made out of recycled materials!
